Thank you. Will do. Will DOT post the temporary signs or are we responsible?

Noah,

I requested the cost for permanent signs and I am waiting for that. Temp signs will need to be posted until signs can be installed. Please remind me a week before so I can change your permit to reflect the change.

Hi David,

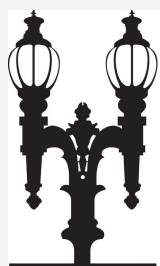

Thank you for all your help with our Farmers Market expansion street closure permit. We will begin closing the 2nd block (5th between Main - Spring) every Sunday starting September 4th.

Has the permanent DOT signage been ordered? If it does not arrive before 9/4, what do we need to do to ensure temporary signage will be posted to prevent cars from parking on the block before the event?

Also, our permit says we are responsible for relocating bus stops. Do you know who at Metro we can contact about this?

Thank you,

Noah
